SELECTED PUBLICATIONS

RENANA KEYDAR

Explanatory Notes: The adjacent letters indicate the publications' ranking under the Israeli Index for Ranking Legal Publications. The Index is a product of the Israeli Inter-University Committee Report (2019), comprised with the participation of the Hebrew University Law Faculty. The Index categorizes legal journals into four tiers: **A*, A, B, C.** In addition, the Index categorizes books from leading publishing houses into two tiers: **A*, A.** Details about the Index and the ranking methodology are available at https://papers.ssrn.com/sol3/papers.cfm?abstract_id=3422168.

Conferences are the main publication forum in Natural Language Processing. The leading conferences of the field (e.g., ACL, EMNLP, CoNLL) are highly competative with acceptance rates typically no higher than 25%. Papers are peer-reviewed. Impact factor (h5-index) and venue ranking are reported following Google Scholar's indexing for the field.
